CLERK OF THE COURT

BY: ANGELICA SUNGA Deputy Clerk

1 in the Tenderloin neighborhood of the City and County of San Francisco, by his participation in the
2 illegal sale of controlled substances. The Tenderloin is a diverse neighborhood located in the very
3 heart of San Francisco. The Tenderloin is home to families, children, seniors, singles, people with
4 disabilities, and recent immigrants, comprising all gender identities and sexual orientations, many
5 ethnicities, and speaking many languages. There are elementary and middle schools, pre-schools,
6 daycares, and agencies helping people who are trying to recover from drug addiction. But the
7 Tenderloin neighborhood is plagued by drug dealers including DEFENDANT, who come to the
8 Tenderloin to illegally sell heroin, fentanyl, cocaine, methamphetamine, and other controlled
9 substances. DEFENDANT is one of many creating an open-air drug market that harms Tenderloin
10 residents and other San Franciscans who live, visit, and work there. This must stop. The PEOPLE OF
11 THE STATE OF CALIFORNIA are seeking multiple injunctions against individuals who, like
12 DEFENDANT, are openly selling narcotics in the Tenderloin. This Court should order DEFENDANT
13 to stay away from the Tenderloin and help protect this community and make it a safe and healthy place
14 to live for all its residents.

15 PARTIES

16 2. Plaintiff PEOPLE OF THE STATE OF CALIFORNIA, by and through Dennis J.
17 Herrera, City Attorney for the City and County of San Francisco (PLAINTIFF or PEOPLE), brings
18 this action pursuant to California Business and Professions Code sections 17200 and 17204, California
19 Civil Code section 3494, and California Code of Civil Procedure section 731.

20 3. Defendant VICTOR ZELAYA aka VICTOR CELAYA aka VICTOR ZALAYA aka
21 VICTOR ALFONSO ZELAYA aka VICTOR CELAUA (DEFENDANT) is an individual who, on
22 information and belief, resides in Oakland, California.

23 VENUE

24 4. Venue is proper in this Court under Code of Civil Procedure section 392(a) and Code of
25 Civil Procedure section 393(a), and each of them.

26 THE TENDERLOIN NEIGHBORHOOD

27 5. The Tenderloin neighborhood is located in the center of San Francisco, and is one of
28 the oldest parts of the City. It abuts the city, state, and federal buildings that comprise the Civic

Center. It is also one of the most densely populated areas of the City, with approximately 28,200 people living within its 50 square blocks.¹ Almost half of the population is foreign born and nearly a quarter of households are linguistically isolated, meaning that all household members aged 14 years and older speak a non-English language and speak English less than “very well.”² The neighborhood is also more diverse than the City as a whole, with its residents being 31 percent Asian, 10 percent African American, 43 percent White, 1 percent Native American, 23 percent Latino, and 15 percent mixed race.³ At 30 percent, the Tenderloin’s poverty rate is almost three times higher than the City’s as a whole.⁴

6. Official census data reports 2,256 children live in the Tenderloin.⁵ The density of children in the Tenderloin is about three times higher than the rest of the City.⁶

7. The Tenderloin is also home to institutions that serve vulnerable populations. There is a large public elementary school, where the vast majority of young students qualify for free or reduced price lunch and the majority of whom are English language learners, a small private elementary school offering sliding scale tuition, and a Catholic middle school that charges no tuition to many local students. The Tenderloin also hosts numerous childcare, daycare, and afterschool programs. San Francisco’s Department of Public Health Primary Care sites in the Tenderloin include the Larkin Street Youth Center Clinic, Curry Senior Center, Tom Waddell Urban Health Clinic, and Medical Respite & Sobering Center.⁷ The Tenderloin is also home to numerous housing and shelter services,

1 including transitional housing facilities for individuals reentering society from the criminal justice
2 system, many of whom are battling drug addiction.

3 8. The Tenderloin has many inexpensive restaurants, corner stores, and other small
4 businesses, many of which are owned and operated by immigrants who are struggling to attract
5 customers, pay for insurance, and stay afloat.

6 **THE ILLEGAL SALE OF CONTROLLED SUBSTANCES IS A PUBLIC NUISANCE IN THE**
7 **TENDERLOIN**

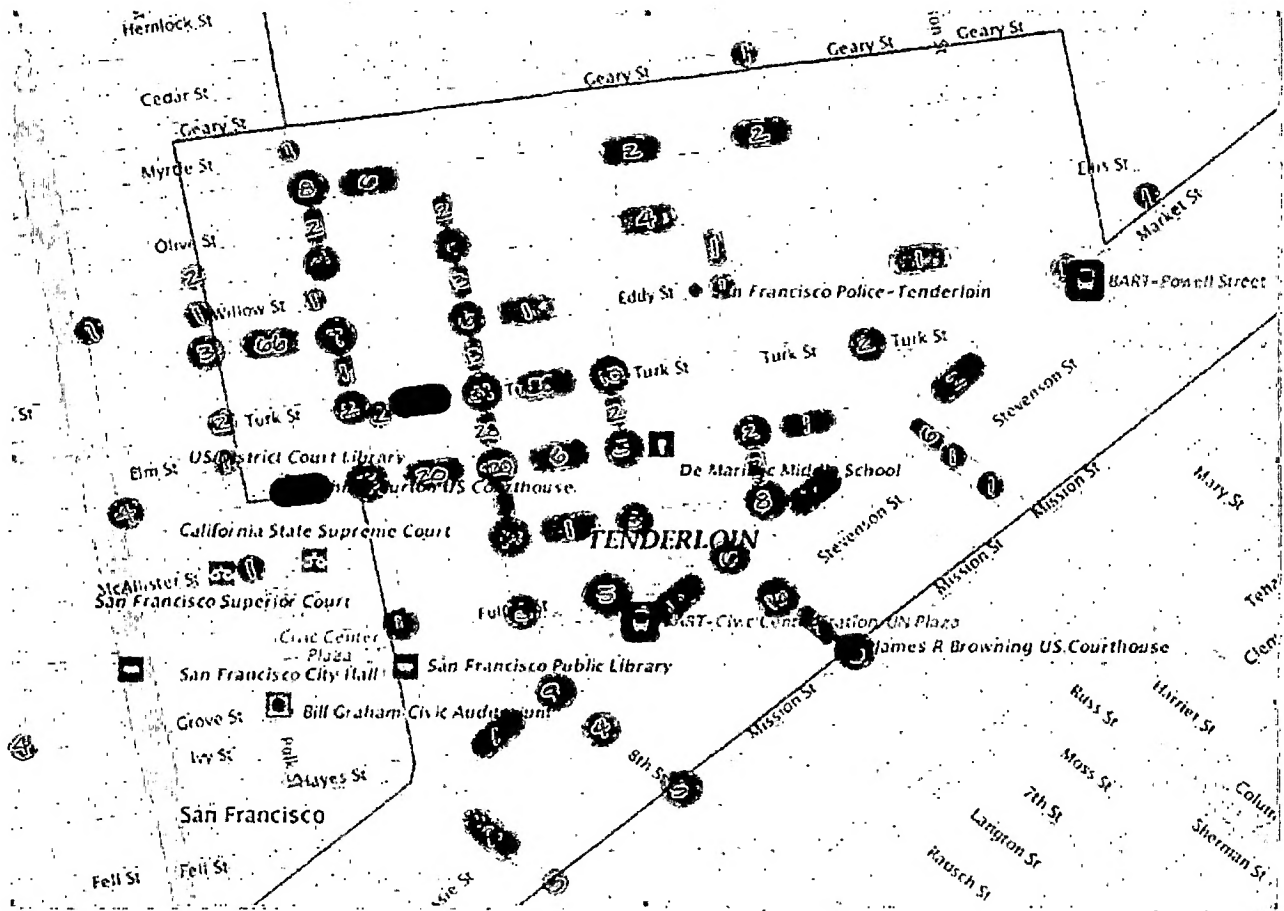

8 9. The Tenderloin is the epicenter of illegal drug sales in the City. Open-air drug dealing
9 has been a pervasive and ubiquitous feature of the neighborhood for years, but the situation has
10 worsened in recent years and months. Much like the COVID-19 pandemic, the lack of an effective
11 response has led to an exponential increase in the amount and impact of drug dealing on the
12 neighborhood. In fiscal year 2017-2018, more than half of the 883 individuals arrested or cited by the
13 San Francisco Police Department (SFPD) for drug sales in the City were arrested or cited in the
14 Tenderloin.⁸ The most common drugs sold are cocaine base/rock, heroin, and methamphetamine.⁹

28 ⁹ *Id.* at p. 2.

10. From June 1, 2019 through June 19, 2020, over 580 arrests were made in the Tenderloin area for drug sales and for possession of drugs for the purpose of sales. These arrests were primarily for dealing fentanyl, heroin, cocaine, and methamphetamine. The map below displays the number of arrests at each location during that period.

Between June 20, 2020 and September 13, 2020, there were more than 150 new arrests in the Tenderloin area for sales or possession for sales of narcotics.

11. Some street level drug dealers sell to pedestrians or people in vehicles directly, some by use of hooks (people who signal to attract customers), lookouts, and holders. "Holders," in particular, are important players in the Tenderloin drug market. Drug sellers often use holders to store the bulk of their product while they conduct individual sales. Sellers do this to minimize the quantity of narcotics in their possession, to avoid the more severe charges and the longer sentences that would follow from

1 their arrest, and to minimize the chances that a buyer will rip them off. Many holders possess a
2 significant quantity and large variety of drugs. Sometimes, a seller will pay the holder in drugs.

3 12. Drug dealers congregate on the corners of Tenderloin streets, forcing residents to
4 navigate a gantlet of drug transactions as they walk to work, school, or to essential services like
5 grocery stores and health care providers. Tenderloin residents are also subject to other physical signs
6 of narcotics activity, like narcotics waste including used crack pipes, burnt pipe mesh, dirty syringes
7 and used narcotics in various forms. Additionally, Tenderloin residents are endangered by the
8 increased violence involved in narcotics disputes between dealers and buyers as well other criminal
9 and erratic conduct of the addicted. One of the most important initiatives to assist Tenderloin children
10 has been the creation of "Safe Passage" a volunteer-led program that helps shield young students from
11 the violence and ravages of the open-air drug market as they navigate their route to and from school
12 and other activities.

13 13. Narcotics transactions contribute to the harmful health consequences throughout the
14 area. Trash, litter and debris thrown in the streets of the Tenderloin have been a source and
15 proliferation of disease in this area. This year to date, District 6, which includes the Tenderloin, has the
16 highest number of complaints lodged with San Francisco's customer service hotline 311. In the past
17 year, San Francisco's 311 hotline has received 3,393 complaints in the Tenderloin for "human waste
18 or urine," nine complaints about "20 or more needles" and 567 complaints for less than 20 needles.
19 Representative complaints include: "URGENT needles and debris IFO school entrance," "[t]here are
20 needles all over. . . . There is at least one needle that is exposed and children are in[]the area." ;
21 "Needles all up and down Jones seen kids walking thru them." Discarded drug paraphernalia
22 contribute to this unsanitary environment and blight as they are ever-present on the streets and
23 sidewalks where business owners, school children, and community members encounter them on a
24 daily basis.

25 14. With drugs available in abundance, block after block, public drug use is common. At all
26 hours of the day and night, narcotics users can be seen injecting narcotics and other drugs on the
27 public streets, sidewalks, in and around alcoves and entry ways of businesses and restaurants. Blatant
28

1 and open-air drug sales are common. Drug dealers are open for business on public streets and
2 sidewalks at all hours of the day and night.

3 15. Given the concentration of drug sales in the Tenderloin, it is unsurprising that drug
4 overdoses are also a common occurrence in the neighborhood. Between 2011 and 2015, drug overdose
5 was the leading cause of death in the Tenderloin.¹⁰ By comparison, heart disease was the leading cause
6 of death in the City as a whole, and drug overdoses did not even fall within the top five leading causes
7 of death for residents outside the Tenderloin.¹¹ Since 2015, drug overdoses have only been increasing.
8 In 2017, the Department of Public Health reported that approximately one third of all overdose deaths
9 in San Francisco occurred in the Tenderloin and South of Market neighborhoods.¹² In 2019, 441
10 people died from drug overdoses in San Francisco—a rate of more than one per day. There were 239
11 deaths from fentanyl overdose alone in San Francisco last year. This was more than double the number
12 of fentanyl overdose deaths in 2018. The Tenderloin has the highest overdose mortality rate of any
13 neighborhood in the City.¹³ In January 2020, the San Francisco Board of Supervisors unanimously
14 passed a resolution declaring drug overdose deaths a public health crisis.¹⁴ In that resolution, which
15 called for a public health plan, the Board requested a plan for “stopping the flow of deadly drugs into
16 San Francisco.”¹⁵

17 16. The high concentration of drug sales in the Tenderloin contributes to the high rate of
18 other crimes in the neighborhood. Historically, overall crime rates in the Tenderloin are about three
19 times higher than in the city overall on a per capita basis.¹⁶ In 2020, there have been 2 homicides, 7
20 rapes, 179 robberies, 174 assaults, 1 human trafficking sex act, 142 burglaries, 85 motor vehicle thefts,

1 6 arsons, and 527 larceny thefts.¹⁷ These crime rates leave Tenderloin residents and workers feeling
2 less safe. In 2019, the Tenderloin had the second-lowest safety ratings in City, with only 37.8 percent
3 of residents feeling safe or very safe at night.¹⁸

4 17. As a result of DEFENDANT's illegal drug sales in the Tenderloin Drug Abatement
5 Area as alleged herein, the community, businesses, and residents living, studying, playing, growing,
6 and working in and around the Tenderloin Drug Abatement Area have suffered and continue to suffer
7 from fear, intimidation, and lack of free use of property and quiet enjoyment of life in and around the
8 Tenderloin Drug Abatement Area.

**DEFENDANT'S ROLE IN THE ONGOING PUBLIC NUISANCE IN THE TENDERLOIN
DRUG ABATEMENT AREA**

19. DEFENDANT VICTOR ZELAYA aka VICTOR CELAYA aka VICTOR ZALAYA aka VICTOR ALFONSO ZELAYA aka VICTOR CELAUA (DEFENDANT), born in 1993, resides in Oakland, California. However, DEFENDANT comes to the Tenderloin for the purpose of engaging in the illegal sale of controlled substances. DEFENDANT is engaged in this conduct in the Tenderloin Drug Abatement Area, which is causing an ongoing public nuisance and ongoing violations of the Unfair Competition Law.

20. On July 24, 2019, DEFENDANT engaged in a hand-to-hand narcotics transaction on Golden Gate Avenue in San Francisco's Tenderloin Drug Abatement Area. When the officers arrested DEFENDANT, he was in possession of the following narcotics for the purpose of sale: suspected heroin (7 grams in 18 individual baggies, 11.6 grams in 35 individual baggies, and 26.2 grams in one bag); suspected fentanyl (12 grams in 20 individual baggies, 19.1 grams in 51 individual baggies, 23.4 grams in one black film case, and 10.7 grams in one black film case); suspected metamphetamine (13.4 grams in one bag, 23.4 in one film case); and suspected cocaine base (28.3 grams in one black film case). DEFENDANT was also in possession of a digital scale, four cell phones, and \$1,310.83 in U.S. currency, mostly in \$20 bills. The San Francisco District Attorney's Office charged DEFENDANT with violating Health and Safety Code sections 11351 (possession with intent to sell a controlled substance), 11351.5 (possession with intent to sell a controlled substance – cocaine base), 11352(a) (sale of a controlled substance) (two counts), and 11378 (possession with intent to sell a controlled substance), in criminal court case no. 19011480. On September 20, 2019, DEFENDANT pled guilty to one misdemeanor charge of violating Penal Code section 32 (accessory) in exchange for the dismissal of the other charges. DEFENDANT was also ordered to stay away from the area bounded by Franklin Street, Geary Boulevard, and Market Street, except for the usage of BART.

21. On January 22, 2020, DEFENDANT was on Mission Street near 7th Street in San Francisco's Tenderloin Drug Abatement Area. DEFENDANT was riding a bicycle on the sidewalk. When SFPD officers approached DEFENDANT and asked him to stop, he stepped off the bicycle and fled on foot, dropping his backpack as he ran. The officers pursued DEFENDANT and placed him

1 under arrest. DEFENDANT was in possession of cocaine (0.3 grams), marijuana (17 grams), 40 small
2 clear baggies for packaging narcotics, and \$880 in small bills of U.S. currency. The District Attorney's
3 Office discharged the case.

4 22. On May 20, 2020, at 1101 Market Street at 7th Street in San Francisco's Tenderloin
5 Drug Abatement Area, DEFENDANT participated in a hand-to-hand narcotics transaction, working
6 with his companion, Brian Hughes, a resident of either Santa Rosa, Hayward, or Belmont, California.
7 DEFENDANT conducted the transaction with the buyer, while Hughes participated as the holder of
8 the narcotics. DEFENDANT and Hughes were both arrested. At the time of his arrest, Hughes was in
9 possession of the following narcotics for the purpose of sale: 6 bags of fentanyl (34.2 grams); 38
10 bindles of heroin (12.8 grams); 5 bags of methamphetamine (49.6 grams); and 4 bags of cocaine base
11 (60.7 grams). Zelaya had \$709 in mixed denominations of U.S. currency. The San Francisco District
12 Attorney's Office charged DEFENDANT with violating Health and Safety Code sections 11351
13 (possession with intent to sell a controlled substance), 11351.5 (possession with intent to sell a
14 controlled substance – cocaine base), and 11378 (possession with intent to sell a controlled substance),
15 in criminal court case no. 20005931. On August 19, 2020, DEFENDANT pleaded guilty to a
16 misdemeanor violation of Health & Safety Code section 11350, in exchange for the dismissal of the
17 other charges. DEFENDANT was sentenced to two years of probation and ordered to stay away at
18 least 150 yards from the intersection of 7th and Market Streets.

19 23. In addition to the conduct described above, DEFENDANT has been arrested in San
20 Francisco's Tenderloin Drug Abatement Area multiple times from 2013 through 2018 for crimes
21 including violations of Health & Safety Code section 11352(a), 11351, and 11351.5. As a result of
22 those arrests, DEFENDANT was convicted of misdemeanor violations of Penal Code section 32
23 (accessory) and Health & Safety Code section 11350(a) on September 18, 2017, and sentenced to 100
24 days in county jail in criminal court case no. 17008473.

25 24. DEFENDANT'S conduct was unlawful under the following statutes, among others:
26 Health and Safety Code sections 11352 (sale of a controlled substance), 11351 (possession with intent
27 to sell a controlled substance), 11351.5 (possession with intent to sell a controlled substance – cocaine
28 base), and 11378 (possession with intent to sell a controlled substance); and Penal Code sections

1 166(a)(4) (contempt of court - violation of a stay away order) and 12022.1 (felony committed while
2 released on bail or recognizance).

3 **FIRST CAUSE OF ACTION FOR PUBLIC NUISANCE**

4 25. The PEOPLE incorporate by reference all of the preceding paragraphs of the
5 Complaint.

6 26. DEFENDANT's nuisance conduct, including the illegal sale of controlled substances,
7 has created conditions in the Tenderloin Drug Abatement Zone which are injurious to health, indecent
8 or offensive to the senses, obstruct the free use of property, interfere with the comfortable enjoyment
9 of life or property, and/or unlawfully obstruct the free passage or use of public parks, streets,
10 sidewalks and highways, in violation of Civil Code section 3479. DEFENDANT's conduct amounts to
11 a public nuisance in that it affects at the same time an entire community or neighborhood, and a
12 considerable number of persons, within the meaning of Civil Code section 3480.

13 27. DEFENDANT knew or should have known that DEFENDANT's conduct was creating
14 a public nuisance in the Tenderloin Drug Abatement Area, as alleged in the Complaint, but failed to
15 take reasonable steps to abate the public nuisance.

16 28. DEFENDANT has engaged in, and will continue to engage in, the illegal sale of
17 controlled substances and other nuisance activity in the Tenderloin Drug Abatement Area.

18 29. The PEOPLE have no adequate remedy at law, in that damages are insufficient to
19 protect the public from the present danger and harm caused by the DEFENDANT's conduct. Unless
20 injunctive relief is granted to enjoin DEFENDANT, the public will suffer irreparable harm.

21 30. Unless DEFENDANT's public nuisance conduct is abated, the community, the
22 neighborhood, and the residents of San Francisco will suffer irreparable injury and damage, in that
23 said conditions will continue to be injurious to their enjoyment of life and free use of property and
24 public space.

25 31. Unless enjoined, DEFENDANT will continue to cause a public nuisance in the
26 Tenderloin Drug Abatement Area.

27 32. DEFENDANT should be ordered to stay away from the Tenderloin Drug Abatement
28 Area at all times.

SECOND CAUSE OF ACTION FOR VIOLATION OF THE UNFAIR COMPETITION LAW

33. The PEOPLE incorporate by reference all of the preceding paragraphs of the Complaint.

34. The PEOPLE bring this cause of action in the public interest pursuant to Business and Professions Code sections 17200 *et seq.* (UNFAIR COMPETITION LAW or UCL).

35. DEFENDANT is in the business of illegally selling controlled substances within the Tenderloin Drug Abatement Area in the City and County of San Francisco. The violations of law described herein have been and are being carried out wholly or in part within the City and County of San Francisco.

36. The actions of DEFENDANT are in violation of the laws and public policies of the City and County of San Francisco and the State of California, and are inimical to the rights and interest of the general public.

37. Through the conduct described above, DEFENDANT has engaged in unlawful and unfair business practices prohibited by the UCL, including by violating the public nuisance laws and by violating the Penal Code and the Health & Safety Code as alleged above.

38. DEFENDANT has engaged in, and will continue to engage in, unlawful and unfair business practices in the Tenderloin Drug Abatement Area.

INSTRUCTIONS ON HOW TO COMPLETE THE COVER SHEET

To Plaintiffs and Others Filing First Papers. If you are filing a first paper (for example, a complaint) in a civil case, you **must** complete and file, along with your first paper, the *Civil Case Cover Sheet* contained on page 1. This information will be used to compile statistics about the types and numbers of cases filed. You must complete items 1 through 6 on the sheet. In item 1, you must check **one** box for the case type that best describes the case. If the case fits both a general and a more specific type of case listed in item 1, check the more specific one. If the case has multiple causes of action, check the box that best indicates the **primary** cause of action. To assist you in completing the sheet, examples of the cases that belong under each case type in item 1 are provided below. A cover sheet must be filed only with your initial paper. Failure to file a cover sheet with the first paper filed in a civil case may subject a party, its counsel, or both to sanctions under rules 2.30 and 3.220 of the California Rules of Court.

To Parties in Rule 3.740 Collections Cases. A "collections case" under rule 3.740 is defined as an action for recovery of money owed in a sum stated to be certain that is not more than \$25,000, exclusive of interest and attorney's fees, arising from a transaction in which property, services, or money was acquired on credit. A collections case does not include an action seeking the following: (1) tort damages, (2) punitive damages, (3) recovery of real property, (4) recovery of personal property, or (5) a prejudgment writ of attachment. The identification of a case as a rule 3.740 collections case on this form means that it will be exempt from the general time-for-service requirements and case management rules, unless a defendant files a responsive pleading. A rule 3.740 collections case will be subject to the requirements for service and obtaining a judgment in rule 3.740.

To Parties in Complex Cases. In complex cases only, parties must also use the *Civil Case Cover Sheet* to designate whether the case is complex. If a plaintiff believes the case is complex under rule 3.400 of the California Rules of Court, this must be indicated by completing the appropriate boxes in items 1 and 2. If a plaintiff designates a case as complex, the cover sheet must be served with the complaint on all parties to the action. A defendant may file and serve no later than the time of its first appearance a joinder in the plaintiff's designation, a counter-designation that the case is not complex, or, if the plaintiff has made no designation, a designation that the case is complex.
